

Annual Physiology Department Picnic

Sunday, Sept. 7, 2008

Rain or Shine — 1:00 - 4:00

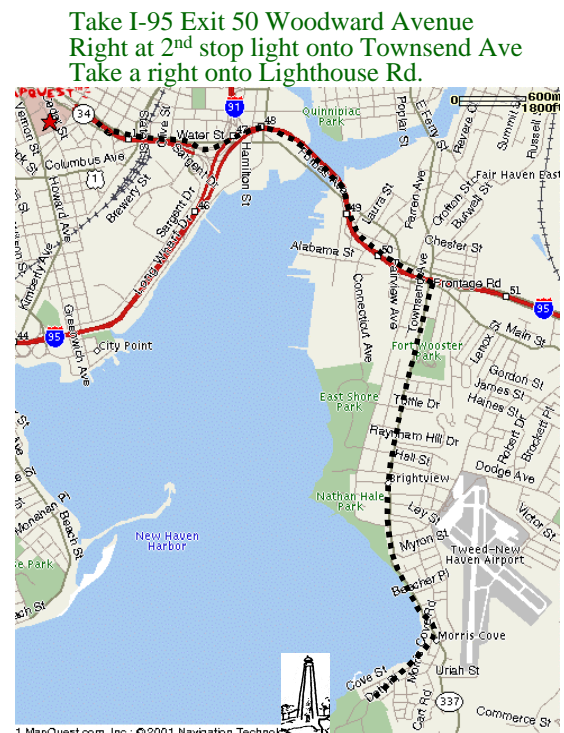

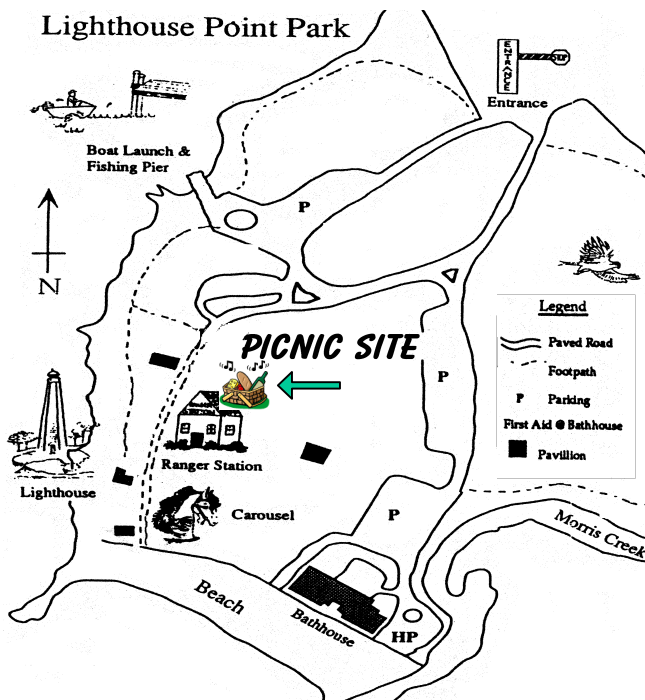

Come and enjoy tasty food, good times and beautiful scenery at *New Haven Lighthouse Park*

This is an near-campus gathering to give you an opportunity to meet and greet this year's **wonderful incoming graduate students**. It is also the only time each year to see the C&M Physiology's roasting spit in action. All of the regular picnic fare will be available: burgers, hot dogs, fresh corn, etc. An assortment of great beers, wine & soda will be supplied. *Side dishes and desserts are gladly accepted.*

We will be located between the two pavilions this year, amongst the trees. Come and have a great time. We will move into a pavilion if required by weather.

We hope to see everyone at the picnic

Seeking Volunteers to help at the picnic
